Established in 1951, IOM is the leading inter-governmental organization in the field of migration and works closely with governmental, intergovernmental and non-governmental partners. IOM is committed to a diverse and inclusive environment. Internal and external candidates are eligible to apply to this vacancy. For the purpose of the vacancy, internal candidates are considered as first-tier candidates.

#### **Context:**

Sexual Exploitation and Abuse (SEA) by aid workers is a violation of human rights and IOM is committed to combat any kind of SEA by its staff related personnel and partners.

IOM's zero tolerance policy not only applies to IOM staff but also extends to IOM third party contracted staff, suppliers, service providers and implementing partners. With over 16,000 staff and over 6,000 related personnel, operating in 450 Offices, and 165 countries throughout the world, the impact of SEA on victims and within IOM's operating environments, and the reputational risk it poses for the Organization needs to be addressed and remains a key priority.

The protection against Sexual Exploitation and Abuse (PSEA), including the prevention of and response to SEA, continues to gain momentum not only within the United Nations (UN) and Interagency Standing Committee (IASC) common systems but also amongst governments, institutional partners, media and the general public.

Over the past decade, IOM has increasingly been seen as a strong player supporting the prevention and response to SEA and Sexual Harassment within the UN, IASC, and amongst the humanitarian community. While significant progress has been made to prevent and respond to SEA within the Organization such as through the development of innovative PSEA trainings, the development of a misconduct platform to report SEA, and extensive interagency collaboration on PSEA, more needs to be done within country and at the programmatic level and the PSEA Officer will support these efforts.

In 2021, IOM developed its strategic approach toward the prevention of and response to SEA and sexual harassment focusing on five priority areas: 1) Leadership and Organizational Culture; 2) Institutional Accountability and Transparency; 3) Capacity-Development, Training, and Communication; 4) Quality and Accessible Victim Assistance; 5) Partnership and Coordination.

Under the supervision of the IOM Head of Office and in close collaboration with IOM Senior Coordinator for PSEA based in HQ and relevant technical experts and managers, the incumbent will be responsible for supporting the management IOM's prevention of and response to sexual exploitation and abuse (PSEA) activities in Hungary. As the technical PSEA Focal Point in Hungary, the PSEA Specialist will need to implement PSEA activities in direct coordination with the Head of Office, both internally and as an active member of the interagency PSEA Network. While the incumbent will support the PSEA agenda within the Country Office and coordinate PSEA within programming, accountability for PSEA remains with the Head of Office.
