

On 24 February 2022, the Russian Federation launched a broad military invasion in Ukraine, which has contributed to significant internal displacement and cross-border movements.

To this moment, it is estimated that over **18,606,941¹** persons have been forcibly displaced into neighboring countries, with still more projected to move out of the country.

2,215,943¹ persons have arrived to Hungary across the Hungarian-Ukrainian border.

34,248¹ persons applied for the temporary protection status in Hungary.

STORY

IOM Hungary continues to conduct needs-assessment of crisis-affected people provided with accommodations. Therefore, case workers are constantly in contact with these beneficiaries in order to address their requests. One of them is the availability of non-food items, that can range from hygiene kits to stationery. Thanks to the support of Germany, last week IOM delivered schooling items and bags to a group of children hosted in one of the mid-term accommodations.
