

On 24 February 2022, the Russian Federation launched a broad military invasion in Ukraine, which has contributed to significant internal displacement and cross-border movements.

To this moment, it is estimated that over **13,736,198¹** persons have been forcibly displaced into neighboring countries, with still more projected to move out of the country.

1,511,020¹ persons have arrived to Hungary across the Hungarian-Ukrainian border.

30,000¹ persons applied for the temporary protection status in Hungary.

STORY

Over the weekend, IOM Hungary participated in the Menedék Outreach Fair, a community event bringing together those affected by the Ukraine crisis and organisations leading the crisis response. IOM staff members were able to network and meet with a range of key actors and local NGOs. The event was an important step towards building further partnerships and strengthening IOM's ties with both beneficiaries and partners.
