

On 24 February 2022, the Russian Federation launched a broad military invasion in Ukraine, which has contributed to significant internal displacement and cross-border movements.

To this moment, it is estimated that over **13,081,621¹** persons have been forcibly displaced into neighboring countries, with still more projected to move out of the country.

1,424,719¹ persons have arrived to Hungary across the Hungarian-Ukrainian border.

29,903¹ persons applied for the temporary protection status in Hungary.

STORY

The Capital Circus of Budapest is hosting and supporting 65 student performers. IOM Hungary delivered school supplies, including stationery and tablets, to the Ukrainian students, families, and instructors hosted by the circus. The tablets will play a vital role in their continued studies by giving students access to translation software for their online lessons.
